

Chorister Auditions

Boys should come prepared to sing a song of their own choice. This doesn't need to be anything complicated. It could be a song you have sung at school or at church, or it could be a song you enjoy singing. Please don't forget to bring a copy for the accompanist too.

Mr Nethsingha will also ask you to do some aural tests such as clapping back a rhythm, picking notes out of a simple chord and singing back a melody played on the piano. If you play a musical instrument (it doesn't matter if you haven't started one yet), we would like to hear you play a short piece. If it's an orchestral instrument you play don't forget to bring a copy of the accompaniment.

Throughout the audition, we simply want to see what you can do. We will help you and Mr Nethsingha will be most interested in the way in which you follow advice. We certainly don't expect you to be a genius at this stage.
